

Title Index to Volume 1

A

- A graded, evidence-based summary of evidence for bariatric surgery, 430
- A prospective comparison of gastric and jejunoileal bypass procedures for morbid obesity, 163
- Accelerated satiation after duodenal switch, 408
- Acute, complete proximal small bowel obstruction after laparoscopic gastric bypass due to intraluminal blood clot formation, 418
- Allied Health General Session, 284
- An unusual source of abdominal pain after adjustable gastric banding, 584

B

- Banded gastric bypass: Combining two principles, 304
- Bariatric surgery articles in non-bariatric surgical journals, July 2004–January 2005, 175
- Bariatric surgery in patients older than 65 years is safe and effective, 389
- Bariatric surgery literature in non-bariatric surgical journals: January to June 2005, 496
- Biliopancreatic diversion for obesity: State of the art, 317
- Biliopancreatic diversion with duodenal switch, 329
- Bleeding after laparoscopic gastric bypass: Case report and literature review, 99
- Bleeding and early obstruction after laparoscopic gastric bypass, 450

C

- Centers of Excellence for bariatric surgery, 148
- Challenges that nurses face in caring for morbidly obese patients in the acute care setting, 462
- Comparison of totally robotic laparoscopic Roux-en-Y gastric bypass and traditional laparoscopic Roux-en-Y gastric bypass, 549
- Consensus Conference Statement—Bariatric surgery for morbid obesity: Health implications for patients, health professionals, and third-party payers, 371
- C-reactive protein and adiposity: Obesity as a systemic inflammatory state, 385

D

- Diabetes mellitus—associated diffuse autonomic dysfunction causing debilitating hypotension manifested after rapid weight loss in a morbidly obese patient: case report and review of the literature, 443

- Diets, drugs, exercise, and behavioral modification: Where these work and where they do not, 120
- Discussion of Griffen, Jr. WO, Young VL, Stevenson CC. A prospective comparison of gastric and jejunoileal bypass procedures for morbid obesity. *Ann Surg* 1977;186:500–9, 173
- Discussion of Mason EE, Munns JR, Kealey GP, Wangler R, Clarke WR, Cheng HF, Printen KJ. Effect of gastric bypass on gastric secretion. *Am J Surg* 1977;131:162–8, 161

E

- Effect of gastric bypass on gastric secretion, 155
- Effective treatment of polycystic ovarian syndrome with Roux-en-Y gastric bypass, 77
- Efficacy of Ketorolac in Lieu of Narcotics in the Operative Management of Laparoscopic Surgery for Morbid Obesity, 530
- Elective cholecystectomy after Roux-en-Y gastric bypass: why should asymptomatic gallstones be treated differently in morbidly obese patients?, 555
- Enteric hyperoxaluria, nephrolithiasis, and oxalate nephropathy: potentially serious and unappreciated complications of Roux-en-Y gastric bypass, 481
- Evaluation of the learning curve for laparoscopic Roux-en-Y gastric bypass surgery, 91

F

- Fifty consecutive patients with the GaBP ring system used in the banded gastric bypass operation for obesity with follow up of at least 1 year, 569
- Findings and outcomes of psychological evaluations of gastric bypass applicants, 523

G

- Gallbladder disease in patients undergoing laparoscopic adjustable gastric banding, 561
- Gastric bypass for severe obesity: Approaches and outcomes, 297

H

- Health insurers' medical necessity determinations for bariatric surgery, 86
- "Hey, if I'm just eating fiber, why am I getting fat?", 588
- History of obesity surgery, 123
- Hormonal mechanisms of weight loss and diabetes resolution after bariatric surgery, 358

I

-
- Impact of major co-morbidities on mortality and complications after gastric bypass, 511
 - Implantable gastric stimulation for the treatment of severe obesity: The American experience, 334
 - Incidence of symptomatic gallstones after gastric bypass: is prophylactic treatment really necessary?, 564
 - Incretins, diabetes, and bariatric surgery: a review, 589
 - Indication for emergent gastric bypass in a patient with severe idiopathic intracranial hypertension: case report and review of the literature, 503
 - Initial experience with bariatric surgery in asymptomatic human immunodeficiency virus–infected patients, 73
 - Internal hernia after laparoscopic Roux-en-Y gastric bypass, 543
 - Introduction, 106
 - Is Roux-en-Y gastric bypass safe after previous antireflux surgery? Technical feasibility and postoperative symptom assessment, 475

L

-
- Laparoscopic adjustable gastric banding, 310
 - Laparoscopic adjustable gastric banding in severely obese adolescents, 399
 - Lessons from the Swedish Obese Subjects Study: The effects of surgically induced weight loss on obesity comorbidity, 140
 - Long-term follow-up and the role of surgery in adolescents with morbid obesity, 394

M

-
- Mallory-Weiss tear after laparoscopic Roux-en-Y gastric bypass, 500
 - Management of gastrogastic fistulas after divided Roux-en-Y gastric bypass surgery for morbid obesity: analysis of 1292 consecutive patients and review of literature, 467
 - Mesenteric venous thrombosis after laparoscopic Roux-en-Y gastric bypass, 580

N

-
- Neurohormonal pathways regulating food intake and changes after Roux-en-Y gastric bypass, 486

P

-
- Patient selection for treatment of obesity, 126
 - Plenary Session, 222
 - Poor weight loss despite biliopancreatic diversion and subsequent revision to a 30-cm common channel after initial laparoscopic adjustable gastric banding: an analysis of 8 cases, 573
 - Postoperative complications in the context of risk:benefit, 343

- Preoperative thiamine deficiency in obese population undergoing laparoscopic bariatric surgery, 517

Q

-
- Quality assessment and improvement in bariatric surgery, 453

R

-
- Research opportunities provided by bariatric surgery, 152
 - Research update and opportunities III, 348
 - Review of technique for combined closed incisional hernia repair and panniculectomy status post–open bariatric surgery, 458
 - Revisional bariatric surgery—potentially safe and effective, 599

S

-
- State laws on insurance coverage for bariatric surgery: help or a hindrance?, 424
 - Students/Residents/Fellows Session, 291
 - Successful surgical treatment of a pregnancy-induced Petersen's hernia after laparoscopic gastric bypass, 506
 - Suicides following bariatric surgery for the treatment of obesity, 447
 - Summary: Consensus Conference on Surgery for Severe Obesity, 369
 - Superior mesenteric artery syndrome in patients undergoing gastric bypass surgery, 95

T

-
- The ASBS Consensus Conference on the state of bariatric surgery and morbid obesity: Health implications for patients, health professionals and third-party payors, 105
 - The costs of nonsurgical and surgical weight loss interventions: Is an ounce of prevention really worth a pound of cure?, 353
 - The effect of laparoscopic gastric bypass surgery on dyslipidemia in severely obese patients, 537
 - The effect of weight loss after gastric bypass on C-reactive protein levels, 81
 - The fifth hurricane: Florida's crisis of access to medical care, 382
 - The NIDDK Bariatric Surgery Clinical Research Consortium (LABS), 145
 - The pathophysiology of severe obesity and the effects of surgically induced weight loss, 109
 - The role of open bariatric surgery, 301
 - Treatment considerations for severe adolescent obesity, 133

W

-
- Weight loss, quality of life and employment status after Roux-en-Y gastric bypass: 5-year analysis, 413
