

Title Index to Volume 3

A

- Accessing the common bile duct after Roux-en-Y gastric bypass, 640
- “After the lab studies, DEXA and the CT scan, the physical examination revealed the knife in his back.”, 411
- Alcohol misuse after bariatric surgery: epiphenomenon or “Oprah” phenomenon?, 366
- Allied Health General Session, 348
- Anatomic findings and outcomes after antireflux procedures in morbidly obese patients undergoing laparoscopic conversion to Roux-en-Y gastric bypass, 52
- Antecolic versus retrocolic alimentary limb in laparoscopic Roux-en-Y gastric bypass: a comparative study, 423
- ASBS name change/decreased mortality with bariatric surgery, 491

B

- Band versus bypass: influence of an educational seminar and surgeon visit on patient preference, 452
- Bariatric surgery improves cardiac function in morbidly obese patients with severe cardiomyopathy, 503
- Bariatric surgery improves urinary incontinence in morbidly obese individuals, 586
- Bariatric surgery in adolescents: a long-term follow-up study, 465
- Bariatric surgery literature in nonbariatric surgical journals: July to December, 2006, 201
- Biliopancreatic diversion with duodenal switch or gastric bypass for failed gastric banding: retrospective study from two institutions with preliminary results, 521

C

- “Candy cane” Roux syndrome—a possible complication after gastric bypass surgery, 408
- Clinical resolution of severely symptomatic pseudotumor cerebri after gastric bypass in an adolescent, 198
- Comparative long-term mortality after laparoscopic adjustable gastric banding versus nonsurgical controls, 496
- Comparative study between laparoscopic adjustable gastric banding and laparoscopic gastric bypass: single-institution, 5-year experience in bariatric surgery, 42
- Comparison of effects of gastric bypass and biliopancreatic diversion with duodenal switch on weight loss and body composition 1–2 years after surgery, 31

- Comparison of laparoscopic linear staplers in clinical practice, 446
- Complications at gastrojejunostomy after laparoscopic Roux-en-Y gastric bypass: comparison between 21- and 25-mm circular staplers, 508
- Conflict of interest policy for SOARD, 1
- Consensus statement on mandatory registration of clinical trials, 107
- Correction of preoperative vitamin D deficiency after Roux-en-Y gastric bypass surgery, 434

D

- Development of bariatric surgery-specific risk assessment tool, 14
- Disclosure Information for ASBS 2007 Abstracts, 362
- Do current body mass index criteria for obesity surgery reflect cardiovascular risk?, 577
- Does gastric bypass alter alcohol metabolism?, 543
- Duodenal-jejunal bypass for the treatment of type 2 diabetes in patients with body mass index of 22–34 kg/m²: a report of 2 cases, 195

E

- Early history of bariatric surgery, 569
- Efficacy of prophylactic inferior vena cava filter placement in bariatric surgery, 606
- Endoscopic injection of fibrin sealant in repair of gastrojejunostomy leak after laparoscopic Roux-en-Y gastric bypass, 438
- Endoscopic suture removal at gastrojejunal anastomosis after Roux-en-Y gastric bypass to prevent marginal ulceration, 619
- Erratum, 203
- Evaluation of expectations and knowledge in bariatric surgery patients, 554
- Exaggerated glucagon-like peptide-1 and blunted glucose-dependent insulinotropic peptide secretion are associated with Roux-en-Y gastric bypass but not adjustable gastric banding, 597
- Expectant management of the asymptomatic gallbladder at Roux-en-Y gastric bypass, 476

G

- Gastric adenocarcinoma after Roux-en-Y gastric bypass: access and evaluation of excluded stomach, 644
- Gastric band technique, 564

Gastric bypass reduces biochemical cardiac risk factors, 8
 Greater curve approach for laparoscopic gastric bypass: total stapler gastrojejunostomy, 171

H

Hand-sewn laparoscopic duodenal switch, 94
 Hemobilia: a rare complication after routine liver biopsy during gastric bypass, 91
 How do family practitioners perceive surgery for the morbidly obese?, 428

I

“I didn’t know that you were a psychiatrist?”, 105
 “I told you those kids were too fat”, 571
 Impact of routine and long-term follow-up on weight loss after laparoscopic gastric bypass, 627
 Incidence of gastroenterostomy stenosis in laparoscopic Roux-en-Y gastric bypass using 21- or 25-mm circular stapler: a randomized prospective blinded study, 176
 Inferior vena cava filter placement for pulmonary embolism risk reduction in super morbidly obese undergoing bariatric surgery, 461
 Influence of obesity and surgical weight loss on thyroid hormone levels, 631
 Initial outcomes of laparoscopic Roux-en-Y gastric bypass in morbidly obese adolescents, 147
 Intracolonic tubing migration: an unusual complication of the silastic adjustable gastric band (LapBand), 486
 Intra-gastric balloon for high-risk super-obese patients: a prospective analysis of efficacy, 78
 Is there a benefit to preoperative weight loss in gastric bypass patients? A prospective randomized trial, 141
 Ischemic bowel after laparoscopic Roux-en-Y gastric bypass: limited resection based on fluorescein assessment of bowel viability, 561

L

Laparoscopic adjustable gastric banding versus Roux-en-Y gastric bypass: 5-year results of a prospective randomized trial, 127
 Laparoscopic bariatric patients’ will to help: the foundation of research, 180
 Laparoscopic conversion of failed gastric bypass to duodenal switch: technical considerations and preliminary outcomes, 611
 Laparoscopic gastric bypass surgery in human immunodeficiency virus-infected patients, 637
 Laparoscopic sleeve gastrectomy for morbid obesity: a review, 189
 Laparoscopic transgastric endoscopy after Roux-en-Y gastric bypass, 21
 Long-term results of sclerotherapy for dilated gastrojejunostomy after gastric bypass, 623
 “Look, Fred, you’re a lousy surgical risk.”, 204

M

Medicare and Medicaid status predicts prolonged length of stay after bariatric surgery, 592

Medicolegal analysis of 100 malpractice claims against bariatric surgeons, 60
 Meeting Program, 205

N

Natural history of morbid obesity without surgical intervention, 73
 No correlation between anti-factor Xa levels, low-molecular-weight heparin, and bleeding after gastric bypass, 469

O

Obesity surgery mortality risk score: proposal for a clinically useful score to predict mortality risk in patients undergoing gastric bypass, 134
 Obituary – Lubomyr Kuzmak, 6
 Obituary – Otto Lofton Willbanks, MD, FACS, 492
 Outcomes among elderly bariatric patients at a high-volume center, 163

P

Participation in 150 min/wk of moderate or higher intensity physical activity yields greater weight loss after gastric bypass surgery, 526
 Perioperative outcomes of bariatric surgery in adolescents compared with adults at academic medical centers, 537
 Plenary Session, 277
 Poster Session, 299
 Potential conflicts of interest, 103
 Preferential loss of central (trunk) adiposity in adolescents and young adults after laparoscopic gastric bypass, 153
 Preoperative placement of retrievable inferior vena cava filters in bariatric surgery, 602
 Pretransplant bariatric surgery: a new indication?, 648
 Preventing port site inversion in laparoscopic adjustable gastric banding, 159
 Primary care and subspecialty management of morbid obesity: referral patterns for bariatric surgery, 392
 Prophylactic measures to reduce the risk of venous thromboembolism in bariatric surgery patients, 494
 Prospective randomized trial of banded versus nonbanded gastric bypass for the super obese: early results, 480
 Psychological correlates of obese patients seeking surgical or residential behavioral weight loss treatment, 369

Q

Quality of life and resolution of co-morbidities in super-obese patients remaining morbidly obese after Roux-en-Y gastric bypass, 387

R

Reducing Minnesota Multiphasic Personality Inventory defensiveness: effect of specialized instructions on retest validity in a sample of preoperative bariatric patients, 184
 Refusals, denials, and patient choice: reasons prospective patients do not undergo bariatric surgery, 531
 Repair of acute gastroesophageal leak after laparoscopic gastric bypass using a covered stent, 652
 Risk of massive upper gastrointestinal bleeding in gastric bypass patients taking clopidogrel, 443

Role of the bypassed proximal intestine in the anti-diabetic effects of bariatric surgery, 109
 Routine cholecystectomy during laparoscopic biliopancreatic diversion with duodenal switch is not necessary, 549
 Routine cholecystectomy is not mandatory during morbid obesity surgery, 456

S

Safety and efficacy of bariatric surgery: Longitudinal Assessment of Bariatric Surgery, 116
 Safety and outcomes of laparoscopic gastric bypass surgery in patients 60 years of age and older, 383
 Selective, versus routine, upper gastrointestinal series leads to equal morbidity and reduced hospital stay in laparoscopic gastric bypass patients, 413
 Simplified laparoscopic duodenal switch, 565
 Sleeve gastrectomy as a bariatric procedure, 573
 A stitch in time versus a life in misery, 2
 Student Session, 353
 Surgical revision of loop (“mini”) gastric bypass procedure: multicenter review of complications and conversions to Roux-en-Y gastric bypass, 37
 Surgical technique for gastric band placement, 488

T

“This next slide clarifies this concept . . .”, 490

Tubulovillous adenoma with atypia found at gastrojejunal anastomosis 8 years after gastric bypass for morbid obesity, 559
 A two-decade spectrum of revisional bariatric surgery at a tertiary referral center, 25

U

Use of bioabsorbable staple reinforcement material in gastric bypass: a prospective randomized clinical trial, 417
 Use of Polyflex stents in treatment of acute esophageal and gastric leaks after bariatric surgery, 68

V

Venous thromboembolism in bariatric surgery patients: an update of risk and prevention, 97
 Vertical banded gastroplasty versus adjustable gastric banding: prospective long-term follow-up study, 84
 Video Session, 345

W

Weight loss before gastric bypass: feasibility and effect on postoperative weight loss and weight loss maintenance, 515
 Who is adherent with preoperative psychological treatment recommendations among weight loss surgery candidates?, 376
